CLIENT TESTIMONIALS

“As soon as I saw Laureenne on social media, I knew she would be a perfect fit for our wedding. Her enthusiasm, creativity and passion for what she does is abundantly clear in every post. Meeting with Laureenne on her gorgeous home farm confirmed this gut feeling and getting to know her in the months leading up to our wedding was nothing short of a total joy.

We opted to give Laureenne free rein over the creative side of our flowers, confident in her expertise... and boy did it pay off! Laureenne seemed to read our minds and with very minimal input from us (colourful and bright) she produced blooms which matched the whole vibe of our wedding day perfectly, capturing everything we love!

Laurenne gave brilliant advice throughout the whole process and when it came to bridesmaid bouquets she had the stroke of genius to use one variety stems in each of them which all featured in my own bridal bouquet.

During the planning process, we encountered a lot of negativity from already married couples bemoaning the cost of their wedding flowers. However, we had the opposite experience because of Laureenne; our flowers were not only utterly incredible but we genuinely think they were worth every penny, elevating every picture that we will cherish forever and bringing together all elements in our decor. The amount of careful thought, hard work and dedication that went into making our wedding flowers special was truly appreciated.

If you are a couple considering wedding flowers I implore you to speak to Laureenne immediately and have no doubt that she will bring your visions to life! I've enjoyed continuing to watch Laureenne's work on weddings and it is so clear that whilst all her bouquets are insanely beautiful they are all also very much inspired by each unique couple, incorporating elements of who they are into her work so seamlessly as though she has known them for years. Laureenne is a ridiculously talented florist but more importantly, a lovely person!”
